

Minutes October 1:

-boat cruise logistics:

-set up starts at 9 pm. Set up crew: Chantal Emily Andrew James Jordan Rosalyn and Scott. Braden will get equipment it will be at his place.

Take down: will be pretty simple. Braden in charge.

Return of equipment: Braden has it covered.

Harris debrief: a lot of 1Ls came. There was 100 people there, try to get more for next time

November: for a kickoff get JDs to come in and do a shaving in the forum. For ladies: a mustache themed bake sale. Get all women to wear mustaches for one week. Might get in touch with med school, doing a party with them possibly or possibly just us. Can get in touch with Larissa (law and medicine president). If we have our own party with firm sponsor, then can do a silent auction. If we do something with medical kids, then we can have some sort of a theme. Location for end of the month party: possibly downtown so its easier for lawyers to come.

Update on parallel 49 sponsorship: they're interested, but that they are inundated with requests for sponsorship. So they have a limited budget for giving free kegs. They are willing at looking at discounts. Interested in sponsoring, but they do it on a case by case basis.

Social council potluck: go sign up on facebook page. Going to Bens and then Brandys after.
