

SOCIAL COUNCIL MEETING MINUTES – October 15, 2020

Suggestions from 1Ls:

- Koerner's on Fridays on the week they are in classes
- Want to look into ways to do events to bring school culture together/leave people feeling less isolated
- Election night school stream??
- Integrate more free food into firm events
- Wine and painting night
- Firms going through financial constraints during COVID – some events might need a little less funding; we have a budget for the whole LSS not a lot of \$\$\$ - \$1000k; maybe a bit of money for a little social council event
- Connecting more with small groups/upper year students
- Beer pong competition

FOR THE REST OF THE TERM...

- Only 2-3 possible firms interested in the rest of the semester 1 – rest of term 1 going to look more chill
- Lunch + learn for firms either on wellness or maybe their practice area
- This will be more what the rest of social council events will look like
- Third party game nights mostly thing of the past

Next term taking more form in terms of social council events

- Might be able to do socially distanced events so might be able to pre-emptively plan but this is still a maybe
- For small groups – if you want to do something with your small group and make it a social council approved/sponsored event, can always talk about organizing this as a unit – 1Ls can make some initiative in doing these sorts of things (i.e. boozy icebreakers)
- Looking out for virtual OR socially distanced event ideas in the future
- 1Ls doing a lot of advertising and marketing for these future events.

Structure of Small Groups:

Emma Chapman – Proud A

Adrienne Ellis – Gee A

Lynn Momprevil – Scow B

Charlotte Tan – Gee A

Lucas Picknell – Curtis B (but lives on campus so can come anytime)

→ Small groups – A, B, C

- Every third week in person at Allard
- Most ppl are group A, so if in person meeting with social council have it that day

Ro and Maggie to do:

- find out what we are able to do in person (also keep updated with BC COVID phases)
- Firm money – decide on who/if we should contact them?
 - Reimbursement forms after - says Cassandra
