

LSS SOCIAL COUNCIL MEETING – MONDAY MARCH 15TH, 2021

- Debrief from mentorship event
 - People genuinely enjoyed and got helpful connections/CANs etc. – seems to have gone very well
 - Execution went well – pairings and signing up with friends seemed successful
 - Feedback should go to Tania
 - General Feedback:
 - Megaila had several friends reach out and say they had fun – happy go lucky event amidst March stress
 - Lucas said in class that everyone who went raved about it/said good opportunity/people who didn't go regretted
 - Lynn said people got useful school resources and got to meet upper years and people outside of small group
 - Liz says will likely make people excited for social counsel events
 - Roisin said good timing at the beginning of march – good for getting school resources and de-stress
- Feedback about enough events/student connection facilitated through LSS? Trying to get info for Liz's debrief
 - Start of January – people wanted more events so Lynn started doing casual small group events on Friday using UBC LSS zoom account – people enjoyed connecting with classmates outside of academic setting
 - Suggests more small group stuff weekly
 - Mixed emotions about zoom – fatigue so difficult to balance too much/too few zoom socials
- Questions about Liz/Maggie/Roisin's roles as VP Social and 2L Student Affairs Coordinator
 - Roisin covered upper year social director role – more hands-on than this year; they plan Boat Cruise and Winter Formal (inter-student body events); liquor licensing, events pages, build connections, be an outlet for students, execution of events;
 - Upper year supports for next year? Maybe volunteer positions to help incoming 2Ls with hosting in-person events for the 2021-2022 school year
 - Can run for VP social OR Student Affairs Coordinator at the same time unlike other positions where you have to only run for one.
